

Pottery Class

Terms and Conditions

- Only the objects made at the Centre will be fired in the kiln. Any works brought from outside the Centre will not be accepted.
- Due to limited space within the kiln, students will only be able to fire a maximum of 6 pieces in a beginner wheel class and 10 pieces in hand building and wheel classes no larger than (25/25/25cm) per term.
- Only technically sound projects will be fired to avoid potential damage.
- Please glaze your work as soon as it's been bisque fired.
- Although we try our best, please be aware that the work created in the last two weeks of term may not get fired during that term. They will be fired as soon as possible.
- The pottery teacher will distribute the appropriate amount of clay for each project. Please be mindful about not wasting the materials as we have a commitment to be as sustainable as possible.
- Students are responsible for recycling leftover clay from their projects. Leftover clay from wheel throwing needs to be kneaded.
- Please allow sufficient time (at least 10 minutes) before the end of class for packing up, cleaning the tools, putting projects away safely and wiping down the tables. Classes commence and conclude at the times outlined on our website.
- Please always be respectful to our pottery teachers, Brighton Recreational staff and fellow students.
